Title					
<p>The 2024 ALMA Ambassadors Program will offer two tracks: a focus on proposal preparation and new ALMA capabilities (workshops and/or webinars held between the release of the ALMA Call for Proposals and the proposal deadline) and a focus on ALMA data processing and analysis (workshops to be hosted in the Fall). Please select the track(s) you are interested in:</p>					
ALMA Proposal Preparation			ALMA Data Processing/Analysis		
Please include a PDF with answers to the following questions, the maximum length of your responses is 3 pages.					
<ol style="list-style-type: none"> <li>Describe your scientific interests and how ALMA fits into your past, present, and/or future research projects.</li> <li>Have you submitted ALMA proposals before? If so, how many? Describe your experience with radio interferometry and data reduction.</li> <li>Please describe your experience teaching, or preparing/organizing workshops/conferences/symposia/outreach activities.</li> <li>Why are you interested in becoming an ALMA Ambassador?</li> <li>If you selected "ALMA Proposal Preparation" above:             <ol style="list-style-type: none"> <li>Where do you plan to host your ALMA proposal preparation workshop? If different from your local institution, why that location? Do you have a connection with someone at that location?</li> <li>How would you advertise it? Are there surrounding institutions you could reach out to? If so, which ones?</li> <li>How many people do you expect will attend your workshop?</li> </ol> </li> <li>If you selected "ALMA Data Processing/Analysis" above:             <ol style="list-style-type: none"> <li>How would you train ALMA users in data processing and analysis? You may discuss the types of processing/analysis techniques, the format of training events (webinars, an in-person workshop, etc.), or any other relevant information.</li> <li>How would you advertise it? What institutes and groups of ALMA users would you target?</li> <li>What ideas do you have for hands-on tutorials for teaching ALMA data processing?</li> </ol> </li> </ol>
