| Please include a PDF with answers to the following questions, the maximum length of your responses is 3 pages. | | | | | | | | | | |
| <ol style="list-style-type: none"> Describe your scientific interests and how ALMA fits into your past, present, and/or future research projects. Have you submitted ALMA proposals before? If so, how many? Describe your experience with radio interferometry and data reduction. Please describe your experience teaching, or preparing/organizing workshops/conferences/symposia/outreach activities. Why are you interested in becoming an ALMA Ambassador? If you selected "ALMA Proposal Preparation" above: <ol style="list-style-type: none"> Where do you plan to host your ALMA proposal preparation workshop? If different from your local institution, why that location? Do you have a connection with someone at that location? How would you advertise it? Are there surrounding institutions you could reach out to? If so, which ones? How many people do you expect will attend your workshop? If you selected "ALMA Data Processing/Analysis" above: <ol style="list-style-type: none"> How would you train ALMA users in data processing and analysis? You may discuss the types of processing/analysis techniques, the format of training events (webinars, an in-person workshop, etc.), or any other relevant information. How would you advertise it? What institutes and groups of ALMA users would you target? What ideas do you have for hands-on tutorials for teaching ALMA data processing? | | | | | | | | | | |
